Gr_____   Couns _____

ID#_____Academy_____

Registration for SY 24-25 will be done online using your Infinite Campus student portal.

Please see your counselor if you do not have a Student Campus account or forgot your password.
You are required to take at least one pathway elective course within your academy.
Step 1: Circle your pathway choices in order of preference based on your CURRENT ACADEMY.
Step 2: On the back of this sheet list your electives in the spaces provided.
Step 3: Log in to your Infinite Campus student account: https://bit.ly/IClogin2022 and make your selections for your elective choices.
Step 4: This sheet must be turned in to your advisory teacher AFTER making your selections in Infinite Campus. You will be able to print a copy of your selections after you are done.
Your math course will be assigned by your current math teacher.
If you would like to have a required course deleted from your course selections so that you can add another course, please see your counselor.
A copy of the registration guide can be found here: https://tinyurl.com/WHSRegistration25
